Monday, October 4, 2021

Dear Families,

Today we were made aware that four of our students tested positive for Covid-19. These students were fully masked in school and their close contacts were notified. Since the close contacts were fully masked, according to new guidance from the Health Department and CDC, the close contacts may remain in school and will monitor for symptoms.

To help protect your family from the negative effects of Covid-19, please consider the following information that is provided from the Health Department...

1. Fully vaccinated individuals deemed a closed contact do not have to quarantine as long as they are not experiencing symptoms.
2. Regardless of vaccination status, an individual wearing a mask properly from the exposed individual, does not need to quarantine.
3. Students and staff not vaccinated, not wearing a mask, and are within 6 feet of an individual for 15 cumulative minutes who tests positive, will be quarantined for a minimum of 7 days.

Feel free to email me with any questions or concerns you may have. Should you have any questions for the Health Department you can reach them at 231-723-3595.

Sincerely,

Jake Veith

Superintendent, KND Schools
