Jason Kemler, Athletic Director

Friday, October 1, 2021

Dear Families,

This morning we were made aware that one of our students in the high school tested positive for Covid-19. This new case resulted in eight close contacts and two quarantines at the high school. These families have been made aware of their close contact and quarantine status. According to new guidance from the Health Department and CDC, the quarantined students must remain in quarantine until October 11, 2021. The eight students who are close contacts may attend school as long as they are symptom free according to the Health Department and CDC guidelines.

To help protect your family from the negative effects of Covid-19, please consider the following information that is provided from the Health Department... 1. Fully vaccinated individuals deemed a closed contact do not have to quarantine as long as they are not experiencing symptoms. 2. Regardless of vaccination status, an individual wearing a mask properly from the exposed individual, does not need to quarantine. 3. Students and staff not vaccinated, not wearing a mask, and are within 6 feet of an individual for 15 cumulative minutes who tests positive, will be quarantined for a minimum of 7 days. Feel free to email me with any questions or concerns you may have. Should you have any questions for the Health Department you can reach them at 231-723-3595.

Sincerely,

Cheryl Smith
KND K-12 Principal
